SOLID WOOD SEATING
ENGLAND

The **England** Family is attractive and extremely durable stacking chair. The upholstered back and seat of the chairs provide comfort as well as the opportunity for customization. The simple, modest design is a perfect choice for senior living establishments.

PRODUCT FEATURES

- 1 Strong, beautiful European Beech hardwood frame
- 2 Plush 2.5-lbs foam seat
- 3 Standard and custom stain options are available
- 4 Joints are constructed with dowels and meta-to-metal hardware
- 5 Seats are replaceable in the field after purchase
- 6 Arm chair model is available
- 7 Generous gap between the back and seat offers easy cleaning

STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

*Matches MityLite buffet & dining table tops

FABRIC OPTIONS

Due to the sewing and style of the chair, upholstery options are restricted to solids and non-matched patterns. Striped fabrics and fabrics that need specific alignment are not recommended. See holsag.com/fabrics for selections.

England chairs are stackable

SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Fixed	Yes	European Beech Hardwood	Grades 1-4+, TB133, COM	0.95 - 1.4	Nylon

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

FRAME CONSTRUCTION

The chair is assembled with hardwood dowels that are connected by metal-to-metal hardware, coated in Loctite.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

BACK

The curved, upholstered back provides comfort and modest simplicity.

SEAT

All seats and upholstery is custom-built at the factory to ensure comfort.

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

OPTIONAL BIBLE BOX

Specifically created for our religious market, the bible box is designed to match the custom stain of your chair. Depending on the model of chair, it had be placed either on the back or underneath the chair. Contact your dealer for more information on this beautifully designed storage solution.

OPTIONAL IN-LINE WHEELS

In-line wheels are available in white or brown. The housing for the wheels is cut directly into the front legs of the chair. Professionally secured in our factory, the in-line option is more subtle than casters, while still allowing for easy movement. Available for armchairs only.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details.

Customers are responsible for any additional customs/duty fees for fabrics shipping across the border.

INTERLOCKING GANGING

This feature is meant to interlock our chairs to create a smooth, continuous look. This allows you to secure multiple chairs together in rows for a straight line every time.

DIMENSIONS
